◆◆◆◆◆◆◆◆ | Radio Game

Relax. Kisi ka prank hoga.

Woh gate ki taraf badhta hai.

ANJALI

(scared) Vansh mat ja... SUAR!

► MEDIUM SHOT — Pragati room ko observe kar rahi hai. Methodical.

PRAGATI

Ek second... agar sach mein koi barrier hua toh?

PRAGATI

Kisi cheez ko pherk ke test kar.

Anjali apni pocket se ek chhoti ball nikalti hai.

ANJALI

Yeh lo.

VANSH

Yeh kya hai?

ANJALI

Apka dimaag... dikh nahi raha? Ball hai!

PAVITR

Isliye ladkiyon ko ulta jawab nahi diya karte.

Sab thoda sa haste hain.

VANSH

Yeh sab choro. Main dikhata hoon mard kisse kehte hain.

► TRACKING SHOT — Vansh dheere dheere barrier ke paas jaata hai. Camera uski peethe se follow karta hai.

Vansh gate ki taraf badhne lagta hai.

► ECU — Ceiling ka ek point. Ek tiny sensor activate hota hai.

Suddenly — ceiling se ek red laser line activate hoti hai.

BEEEEEP

[RADIO] "PUZZLE SOLVE KARO... YA MARNE KE LIYE TAIYAAR RAHO."

► MEDIUM SHOT — Pragati aansu rok kar blackboard ki taraf dekhti hai.

Pragati aansu rok kar board ki taraf dekhti hai — jahan dheere dheere ek question appear hota hai.

PUZZLE:

Q1 — Ek photon apni khud ki perspective se Andromeda Galaxy (2.5 million light-years door) tak pahunchne mein kitna time leta hai?

ANJALI

Yaar yeh kaisa sawaal hai yaar!

PRAGATI

Photon kya hota hai?

SHUBH

— 7 —

◆◆◆◆◆◆◆◆ | Radio Game

Photon ek light particle hai jo light mein present hota hai.

SAKSHAM

Are toh iska answer simple hai na — 2.5 million light years hi lagenge!

PRAGATI

Nahi yaar, itna simple answer nahi hoga.

SAKSHAM

Are yahi hoga. Dekh.

SHUBH

Nahi. Iska answer hai — ZERO.

SAKSHAM

Pagal hai kya tu?

SHUBH

Woh light ki speed se travel kar raha hai. Aur jab koi cheez light ki speed se travel karti hai — uske liye time ruk jaata hai.

ANJALI

Par Einstein ki theory ke hisaab se light se koi cheez travel kar hi nahi sakti.

SHUBH

Haan, sahi keh rahi hai. Par photon kar sakta hai — kyunki iska mass zero hai. Aur jiska mass zero hota hai...

SAKSHAM

(dheere se) ...woh cheez light ki speed se travel kar sakti hai.

SHUBH

Exactly. Iska answer hai — ZERO.

► INSERT SHOT — Board par laal roshni mein "CORRECT" chaman karta hai. Gate ki latch click karti hai.

Achanak gate khulta hai. Saamne ek poster laga hota hai — Neil ki photo ke saath.

"Ghoom Sudha" likha hota hai uske neeche.

► ECU — Radio ki roshni green ho jaati hai.

[RADIO] "Iss insaan ko dhundte hi tum log game jeet jaoge."

PAVITR

— 8 —

◆◆◆◆◆◆◆◆ | Radio Game

Lekin humein jaana kahan hai?

PRAGATI

Woh dekh — uske neeche ek aur puzzle likhi hai.

PUZZLE:

Q2 — Agar kisi solution ka pH 8 se 7 ho jaata hai, toh uski acidity kitne GUNA (times) badh jaati hai?

ANJALI

Hein?!

PRAGATI

Are ab yeh kya hai?

PAVITR

Iska answer toh 10 hai.

ANJALI

Acha, aur aisa kyun?

PAVITR

Kyunki jab pH 1 number badalta hai, toh acidity 10 guna badhti hai. pH scale logarithmic hai.

PRAGATI

Agar 6 se 8 hota toh?

SHUBH

Tab 100 guna hota.

SAKSHAM

Agar 6 se 9 hota toh?

PRAGATI

(dheere se) ...1000 guna.

► WIDE SHOT — Sab Studio 10 ki taraf bhagte hain.

Sab Studio 10 ki taraf bhagte hain. Ghuste hi gate band ho jaata hai.

► ESTABLISHING SHOT — Studio 10. Andhera. Stage par ek radio pehle se rakha hua hai.

[RADIO] "Swagat hai. Aap log Stage 2 par pahunch chuke hain."

🎧🎧🎧🎧🎧🎧🎧 | Radio Game

Phir har jagah silence aur dhua aane lagta hai.

SAKSHAM

Abe bheski — sawaal to pooch, direct maaroge kya?!

SHUBH

(peeche mudkar) Woh dekh — poster ke neeche ek aur puzzle hai.

PUZZLE:

Q3 — College ki new building ke ground floor par kitne rooms hain?

PRAGATI

Yaar, maine ginne the. Yaad hai mujhe.

SAKSHAM

Itni velli thi kya?

ANJALI

Guys, answer par dhyan do!

PAVITR

Soch Pragati.

PRAGATI

Are bhai, kitna bhi aasan sawaal kyun na ho — pressure mein dimaag mein kuch nahi aata.

SHUBH

Are woh dekh — neeche ek number likha hai.

Number: 108

SAKSHAM

Yeh 108 ka kya matlab hai?

SHUBH

108... (thoda sochne ke baad) Pavitr — teri maths achi hai na? 108 ko 5 se divide kar, kitne aate hain?

PRAGATI

Par 5 kyun?

SHUBH

— 10 —

◆◆◆◆◆◆◆◆ | Radio Game

Hum 5 hain.

PAVITR

21.6

SHUBH

Nahi — point mein nahi aana chahiye answer.

ANJALI

Vansh ko bhi count kar. Woh bhi tha hamare saath.

PAVITR

Haan... 18.

SHUBH

Haan! 18 hai. Sahi answer — 18.

PRAGATI

(relief mein) Haan yaad aaya. 18 tak hi toh hai humare rooms.

SAKSHAM

Wah beta wah!

► MEDIUM SHOT — Pragati haste hue room se bahar pair rakhti hai.

► SLOW MOTION — Ceiling se laser activate hota hai. Ek beat. Pragati ka face — shock.

Pragati haste hue room ke bahar pair rakhti hai...

Laser girta hai.

► WIDE SHOT — Silence. Pragati motionless. Poora group frozen.

Completely silence.

► ECU — Radio. Dial slowly rotate karta hai. Old song chalu hota hai.

Radio se gaana bajta hai — ek purana, dheema, dard bhara nagma:

"Kisi ki muskurahaton ko le udhar... kisi ka gham mili to le udhar..."

► FADE TO BLACK.

— CHAPTER I END —

Now the real game begins.
